# GHENT, KY TERMINAL

## ABOUT PGT TRUCKING

For more than 43 years, PGT Trucking, Inc. has serviced our customers in the Midwest, providing quality and safe transportation solutions. PGT is proud to open our newest terminal location in Ghent, KY, creating a regional base for our steel and building product customers. Through PGT Ghent, we will offer the same quality service you come to expect from PGT.

## PGT ADVANTAGE

With PGT's data-driven approach and consistent communication, we provide real-time updates, giving you increased visibility on your shipments.

## OUR SERVICES

- + On Site Operations**  
With key operations personnel on site in Ghent, PGT can quickly address any of your shipment needs.
- + Preload Capabilities**  
Our new facility offers safe truck parking, and with our local fleet of professional flatbed truck drivers, we can preload trailers to quickly move product out of your facility.
- + Customized Solutions**  
Through PGT and our affiliates, we offer customized solutions for your every transportation need. Ask us about our flatbed, dedicated, project cargo, specialized, and international capabilities.
- + Additional Support**  
PGT is well equipped to handle any surge in capacity through our extensive network of integrated fleets, affiliates, and managed service departments.
- + Direct Service to and from Mexico**  
With PGT's international services, we can safely transport your cargo to and from all locations in Mexico. We provide door-to-door service with no transloading, bilingual personnel, optional cargo insurance, and real-time tracking updates.
